Work description.Inspector: Victor Altamirano (8 hours reg. and 4 hours OT)
Date: 050712

Field Work –

SSS - Cable Band Compaction:

Workers tensioned cable band bolts at PP 106-west.

Jacks ID: RN 4040 and RN4037

Pump Serial No. 050757 type BT 1507

After workers finished tensioning I measured the uphill gap between cable band halves to be 14mm and the downhill gap to be about 12mm. I used calipers to take these measurements.

Office work: Worked on diaries.
